

EXCEED EXPECTATIONS IN ROOT CANAL THERAPY: TECHNOLOGY INTEGRATION FOR A PREDICTABLE, PROFITABLE, AND PATIENT-CENTRIC PRACTICE

INTENDED AUDIENCE

Endodontists interested in learning about new technology including the GentleWave® System.

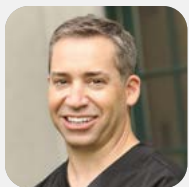

COURSE OVERVIEW

As new technology emerges in dentistry, questions arise for the modern endodontist: what kind of impact would this technology have on my patients, my team, and my practice? This course will answer these questions and help you gain an understanding of the latest peer-proven technologies in the endodontic space today. Hear from clinicians who have leveraged technology to impact the patient experience, create a more predictable root canal procedure, and maximize profitability for their practice – without adding unnecessary complexity to their routine.

COURSE OBJECTIVES

- ▶ Examine the GentleWave System Mechanism of Action and the science behind its safety
- ▶ Discuss opportunities for creating a more predictable and simplified workflow through use of technological advances such as the GentleWave System
- ▶ Review the return on investment and related practice management techniques with the GentleWave System, to include scheduling, billing, and marketing
- ▶ Apply learnings in a hands-on clinical lab with instructor oversight

COURSE INSTRUCTORS

Michael Tulkki
DDS, MS

Dr. Tulkki is originally from Cold Spring, MN. He attended Gustavus Adolphus College prior to entering dental school at the University of Minnesota. He received his Doctor of Dental Surgery in 2001 from the University of Minnesota Dental School. He had three years of restorative dentistry experience before pursuing two years of specialty training in endodontics. He received his Masters of Science and Certificate in Endodontics in 2006 from the University of Minnesota. While completing his residency his research focus was antibacterial properties of irrigating solution on bacterial biofilms. In 2010, Dr. Tulkki received board certification from the American Board of Endodontists, a distinction pursued by approximately 40% of the endodontists in the country. He is a past president of the Minnesota Endodontic Association.

Derek Peek
DDS, MS

Dr. Derek Peek was born in Oklahoma City, Oklahoma, and attended Heritage Hall. He graduated from Wheaton College in Wheaton, Illinois with a Bachelor of Arts in Kinesiology. Dr. Peek graduated from the University of Oklahoma College of Dentistry. He attended Louisiana State University School of Dentistry for his endodontic residency. He is an active member of the following organizations: American Board of Endodontics (ABE), American Association of Endodontics (AAE), American Dental Association (ADA), and Iowa Dental Association (IDA). As a staff clinician at UnityPoint Health – St. Luke's Hospital, he treats patients in the operating room as needed.
