

CLINICAL OPTIMIZATION WITH THE GENTLEWAVE® PROCEDURE

INTENDED AUDIENCE

Endodontists exploring new technology, as well as current GentleWave® users leveraging technology in their practices.

COURSE OVERVIEW

As endodontic technology evolves, so do the opportunities to elevate patient care, streamline procedures and grow a more efficient practice. Whether you're evaluating the GentleWave System or are already using it in your workflow, this course is designed to meet you where you are—and take you further.

You will gain a comprehensive understanding of the GentleWave System's mechanism of action and clinical benefits, along with practical guidance on integration into your practice. For current users, the course offers advanced clinical techniques, workflow refinements and real-world strategies to enhance efficiency, improve outcomes and build greater confidence with the system.

Led by experienced clinicians, this course blends foundational knowledge with high-impact applications—empowering you and your team to maximize the GentleWave System's potential at any stage of your journey.

COURSE OBJECTIVES

- Examine the GentleWave System's mechanism of action and the science behind its safety and clinical benefits.
- Examine methods for managing complex cases and optimizing root canal therapy, including access, shaping, obturation and instrument selection.
- Discuss simplifying and improving workflow efficiency through the integration of the GentleWave System.
- Review strategies for improving practice profitability and driving efficiency, including scheduling, billing and patient communication.
- Collaborate on real-world case studies, sharing experiences and refining techniques in a hands-on clinical lab setting.

SATURDAY, FEBRUARY 21, 2026 | LIVE

LE MERIDIEN SALT LAKE CITY DOWNTOWN

131 South 300 West
Salt Lake City, UT 84101

CURRENT GENTLEWAVE® USERS

Didactic Session: 8:00AM – 4:00PM MT

PROSPECTIVE GENTLEWAVE® USERS

Didactic Session: 8:00AM – 12:30PM MT

Hands-On Lab: 1:00PM – 4:00PM MT

CE Credits Offered: 8 CEs

Maximum Attendees: 15

COURSE INSTRUCTORS

Kirk A. Coury
DDS, MS

Dr. Kirk Coury attended Texas Tech University and received his DDS degree from Baylor College of Dentistry in 1987. A year after, he entered the endodontic residency program at the University of Texas Health Science Center – Houston where he received his Certificate in Endodontics and a master's degree in Dentistry. He opened his practice in Amarillo, Texas in December 1990 as the first endodontist in the Panhandle area. Dr. Coury is a Diplomate of the American Board of Endodontics, and Fellow of the International and American College of Dentists. He has authored several papers, and lectures frequently.

S. Ryan Facer
DDS

Dr. Ryan Facer earned his dental degree and specialty training from the University of Iowa, where he graduated with high distinction. He also received a bachelor's degree in medical biology from the University of Utah and has been published in peer-reviewed journals such as the Journal of Endodontics and the Journal of Dental Research. His research interests range from sealer coverage, bacteriophage therapy, roentgen therapy and adult stem cells, with an emphasis on bone biology and dental trauma. Dr. Facer currently practices at Greater Endodontics in Salt Lake City, Utah.
